Home. Town. Spirit.

Already a great place to live, Langley now offers its first walkable community - bringing everyone together in a central place. Positioned to give you more of everything this burgeoning community has to offer, Kensington at Willoughby Town Centre is far more than just a location on a map. It's a unique combination of community and convenience, with a lifestyle that warmly embraces both. Welcome home to Kensington.

Thoughtfully designed homes offer a warm, contemporary style.

Set in the charming neighbourhood of Willoughby, Kensington makes a striking first impression. Warm West Coast architecture is accented by high roof elements, generous balconies and lush landscaping. The finely crafted exteriors are equally matched by their impressive interiors. Open-concept floorplans ranging from 660 – 1360 sq. ft. include all of the must-haves: kitchens to covet, airy nine-foot ceilings, luxurious ensuites and inviting decks ready for entertaining. All of this in 3 designer-selected colour schemes. Kensington captures the spirit of home and places emphasis on the things that matter to you most.
