DESIGN

OVERVIEW

building on character

DOWNLOAD FEATURES SHEET

Strong foundations are key to Union's two 5-story buildings — both in construction, and concept.

A clear respect for tradition is reflected in Union's brick, wood and concrete, while open-concept living spaces and efficient design show a view to the future. Inclusion of the Finlayson Building façade and the recreation of Theatre Alley ensure a subtle blend with the neighbourhood, while elevated patios and green courtyards give Union a sense of privacy and community.

Whether you choose a jr. 1 bed, a spacious 2 bed + den, or a spacious and unique loft homes, Union's design is a perfect balance of yesterday, today, and tomorrow.

BUILDER

Anthem Properties is a 175-person real estate investment, development and management company operating in Western Canada, headquartered in Vancouver, B.C. The Anthem portfolio is currently comprised of over 3.7 million square feet of commercial space, 40 acres of urban and suburban land held for future development, and approximately 4,500 residential condominium units either in the design development stage or under construction.

Anthem has invested in, developed, and or managed, alone or in partnership, over 140 projects, in virtually all asset classes, with a cumulative value of approximately \$3.0 billion. Creating Real Estate That Works for over twenty years, we build great space that is architecturally appropriate for, and satisfies the needs of, our homeowners, tenants and neighbours. We live our core values which are based on creativity, passion and direct communication.
