20 YEARS OF EXPERIENCE

Diverse Experience.
Intelligent Process.

Our team’s development experience began in the 1990s, and spans, across the residential, commercial and hospitality sectors, and from boutique low-rise to prestigious high-rise projects. This diverse experience led to the launch of Kutak in 2015 to represent and collaborate with developers – now, the tables have turned as we develop our own second-to-none projects under the Kutak name, using processes we have honed over decades.

CASE STUDIES

THE STANTON

Distinguished residences in
Kerrisdale.
