SYMPOSIA

NEW HOMES COMING SOON TO SIMON FRASER UNIVERSITY

The Last New Community at Simon Fraser's UniverCity

Once the homes at Symposia are gone, so is your chance to own a new residence at Simon Fraser's UniverCity.

The Best Location at Simon Fraser University

Symposia's location at UniverCity is unmatched — across the future university plaza, Gibson Museum, and First People's Gathering House. And game-changing new transportation infrastructure with the planned Burnaby Mountain Gondola to bring quick access to rapid transit.

The Lowest Priced Concrete Community in the Region

Brand-new concrete homes at Symposia deliver the most value per square foot of comparable homes in the region.

Simon Fraser University

The final piece to UniverCity. Next door to an arts and cultural centre anchoring a new university plaza. And game-changing new transportation infrastructure with a planned Gondola for quick access to rapid transit. The best views in the region looking down on Metro Vancouver. Our 4th community at Simon Fraser University. Symposia. The best. The last.
